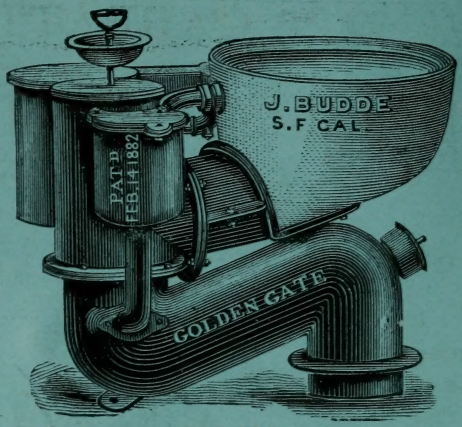
Slop, Waste and Intercepting Hoppers,

No. 43 Fremont St., San Francisco, Cal.



WITH TRAP.

THE GOLDEN GATE PLUG CLOSET.—This closet is the best of its kind having been so far constructed. It has the following advantages;

(1.) It has a simple, strong valve, suitable for any pressure, self-closing by a genuine PHOSPHOR BRONZE SPRING, acting with the pressure. To prevent breaking and weakening of the Spring, I have gone to the expense of using PHOSPHOR BRONZE WIRE, which will have the desired effect.

(2.) It has a real sanitary overflow, a copper float attached to a bell of the same metal resting on face of the brass overflow pipe, operated by the rising of the water in the closets above its level, thus absolutely preventing any escape of sewer gas—even the closets being without water.

(3.) It has no dead corner, consequently no foul water will be left in the close after lifting of the handle. A constant rush out of the flood chambers will keep the closet and trap perfectly clean.

(4.) The plug or plunger is made in such shape as to prevent passing of rubbish into the float chambers, resting with a soft rubber gasket on a ground heavy brass seat.

(5.) All the iron parts of my closets are dipped into boiling hot asphaltum varnish. This system is far superior to painting with a brush in order to prevent rust-

SAN FRANCISCO, January 8, 1887.

CARBOLIC SMOKE BALL CO., 652 Market street, S. F.—

Gentlemen: I can add my testimony to the efficacy of the "CARBOLIC SMOKE BALL." I have used it, IT CURED ME of a severe cold and periodical headaches. I am satisfied it has merit, and recommend it to any person suffering from HEAD, THROAT OR LUNG TROUBLES.

THEO. REICHERT, Surveyor-General.

"But for the 'Smoke Ball' Our Child Would Have Died."

SAN JOSE, March 26, 1887.

CARBOLIC SMOKE BALL CO.—GENTLEMEN: It is with great pleasure that we testify to the merits of your medicine, the "SMOKE BALL." We purchased one of your Smoke Balls a short time ago, and used it with great success for colds in the head. Consider it the best remedy we ever had in our family. Not long since our little girl had a severe attack of membranous croup, and if it had not been for the "Smoke Ball" she would have died. The first application gave instant relief, and a few applications completely cured her. We consider the "Smoke Ball" a sure cure for croup. Gratefully yours,

F. W. TENNANT,
MRS. F. W. TENNANT.

Our NEW CHISEL-BIT SAW never clogs or chokes in the cut. It is a free and easy cutter. Frees itself perfectly in all kinds of timber. The bits never work loose. It requires no skill to keep it in order. It is the best and most economical Saw in use.

Some of the salient points of excellence in our new CHISEL-BIT SAWS as compared with other Saws: 1st—The saving of power to do a given amount of work. 2d—The saving of time and expense in keeping the Saws in working order. 3d—The stability of the bits and their fastenings. 4th—The cost at which lumber may be cut per thousand. 5th—The protection afforded the saw-plate from the wear of the saw-dust. We respectfully refer to over three hundred mills now using these saws.

Mosaic Marble and Cement Tiles for Pavements Made to Order Cheaper than any other Tiling,

MOSAIC TABLES, VASES, COLUMNS, STEPS, Etc., Etc.

INSCRIPTION PLATES MADE TO ORDER. FOUNTAINS AND GARDEN WORK. Wine Cellars, Vaults, Arches and Walls made in Cement Concrete a specialty. All work guaranteed. This Mosaic Compound of Marble and Cement is richer and more decorative and artistic than any marble. To obtain the same designs and ornaments in marble would cost about ten times as much. It does not stain like marble, and is much harder. Consequently, this Mosaic Work is cheaper and will last longer than marble. PATENT APPLIED FOR. We can produce certificates and testimonials from the leading Architects of Europe, showing this work, now in use for over twenty years, to stand to-day just as bright as new. Any Cement tiles can be delivered within ten days from receipt of order. All orders Promptly attended to.

SIXTEEN PAGES, 12 X 16.

The California Patron was established in 1875, by authority and under the direction of the *California State Grange*, as a Farmers' Journal, owned and controlled by the farmers of the State of California, and is now and has been wholly devoted to the interests of the *Farm* and the *Grange*. It has maintained the reputation of the *Farmer's Exponent and Advocate*, and has been so well received and appreciated that its circulation has nearly doubled during the last year.

It was run as an eight-page monthly until 1878, when it changed to a semi-monthly, and ran as such until March 6, 1880, when it appeared as a *Weekly*. On the 1st of January, 1882, its size was increased nearly one-half. On the 28th of October, 1882, its size was again increased.

On the 13th of September, 1884, it was again increased to a *sixteen-page* paper, cut and stitched, and the *seventh* increase was made January 1st, 1885, to its present attractive size.

The Houser Combined Header and Thresher

Has Made Grain Raising Profitable.

The Machine above all others which has Revolutionized the Mode of Harvesting in California and Reduced the Cost of Harvesting to Less than $1.00 an Acre.

THE PIONEER BELT MACHINE,

Ten Years Since first introduced. Every Houser Harvester sold has Given Entire Satisfaction. None ever Returned to the Works.

It has a larger sale than all other Harvesters combined. Has Steel Shafting and Gearing, 30-inch Cylinder, 42 and 46-inch Separator, and has been materially reduced in weight. It is a

Pull and Belt Machine.

Strong and Durable. Requires from three to four men and twelve to twenty-six animals, according to width of cut and condition of grain. The "HOUSER," as constructed for the harvest of 1887, has all the changes which the season of 1886 demonstrated as practicable. The Header part is detachable, enabling any size of Header, from 10 to 30-foot cut, to be used. It is a POWERFUL MACHINE, capable of successfully harvesting the heaviest and worst lodged grain without fear of breaking. Its merits, and the universal satisfaction it has given in the harvest field, has made it THE FAVORITE, with many zealous advocates. It saves three bushels an acre over and above heading and threshing, or enough to pay the cost of harvesting, and places the grain in the sack at less cost than the old method of putting it in the stack. It has

Wide Header Draper, High, Wide Drive-Wheels. and Tire from 12 to 24 Inches Wide,

As ordered. Has harvested grain which yielded 70 bushels per acre, and cut, threshed, cleaned and sacked ready for market from 200 to 500 sacks per day, in a good and satisfactory manner.

IT IS GUARANTEED TO DO GOOD WORK WHEN PROPERLY HANDLED.

By the Commonwealth of Massachusetts

THE MASSACHUSETTS
BENEFIT ASSOCIATION

Gives the best of Life Insurance for the least money, and after January, 1896, will pay large dividends.

From the beginning it will pay larger dividends than any level-prem um company, and pay them in advance, by letting them remain in the pockets of the insured.

MAXIMUM PROTECTION! MINIMUM COST!!

"Massachusetts leads the way in advance legislation on the subject of Assessment Insurance," says that very high authority, Ex-Superintendent McCall, of New York.

The annual cost on $1,000 insurance in this company the past eight years has been:

At age 25, Mortality, $4.40, Reserve, $1.10, Expense, $3.00—Total, $8.50
At age 40, Mortality, 6.77, Reserve, 1.70, Expense, 3.00—Total, 11.47
At age 50, Mortality, 10.47, Reserve, 2.62, Expense, 3.00—Total, 16.09

The average expense charge alone on $1,000 in the old-line monopoly companies has been, for the last forty-one years, $11.94 per year. Add to this a mortality and reserve expense, which they have collected in excess of that received by the Massachusetts Benefit, and the figures stand thus, as the cost of $1.000 insurance:

At age 25, Mortality, $7.41, Reserve, $7.31, Expense, $4.91—Total, $19.63
At age 40, Mortality, 9.82, Reserve, 13.86, Expense, 7.89—Total, 31.57
At age 50, Mortality, 15.00, Reserve, 20.78, Expense, 11.92—Total, 47.70

Note the difference, and remember that the much-talked-of paid-up insurance depends entirely upon the net reserve, nearly all of which, and much more, besides, would have remained in the pockets of the policy-holder had he insured in the Massachusetts Benefit Association, and he would always have been insured for a larger net amount.

Three or four live, responsible men wanted as district managers in different parts of the Pacific States and Territories.

ADDRESS

JAS. G. JONES

GENERAL MANAGER FOR THE PACIFIC COAST

417 KEARNY STREET

TELEPHONE No. 828 SAN FRANCISCO

PREFACE.

With this volume we begin the publication of an annual San Francisco Business Directory. From the very liberal patronage received we feel assured that our efforts are appreciated, and that we are supplying a want which we hope so to improve with each succeeding volume, that it will become a necessity in every counting room in the city.

We thank our patrons for their generous support, and hope they may realize all their expectations upon which they patronized this work. We are not publishing this Directory in a spirit of vindictiveness or opposition to any now in the field, but let it stand upon its merits. We have no enemies to punish, neither do we ask any favors from them.

May, 1887. The Publishers.

HEALD'S

Business College and Short-hand Institute

24 POST ST., near Kearny,

SAN FRANCISCO, CAL.

The design of this school is to fit students for the practical affairs of life. After a quarter of a century of success in this city, it may well be called

The Model School of the Pacific Coast.

THE FULL COURSE INCLUDES

Single and Double Entry Book-Keeping, Penmanship, Commercial Arithmetic, Mercantile Law, Business Correspondence, Grammar, Spelling, Reading, Drawing, French, German, Spanish, Short-Hand, Type-Writing and Telegraphy

SHORT-HAND and TYPE-WRITING DEPARTMENT.

This department is devoted to instruction in the best modern method of Short-hand Writing, and in the shortest possible time fits its pupils for verbatim reporting. It qualifies young men and women to take situations as ***Private Secretaries, Short-Hand and Court Reporters, Stenographic Law Clerks, Amanuenses, and Phonographic Corresponding Clerks.***

ACTUAL WORK IN THE COLLEGE.

Everyone will make mistakes before perfection is attained; but as the causes are pointed out and pupils are shown how work should be done, actual experience is gained, bringing with it self-confidence. The practical Short-hand and Type-writing done within the College enables them to proceed at once to actual employment.

The Caligraph, the Remington and the Crandal Type-writers are used; and the pupil can learn the use of either or all.

GENERAL INFORMATION.

Pupils are assisted in obtaining situations. Board for students in private families is secured when desired. Ladies are admitted as pupils in all departments of the College. The rates of instruction are $75 for the full term of six months. *There are no extra charges for any branch taught in the school.* For further information address for circulars,

COX & WALLENSTEIN, ALL KINDS OF PAPER direct from Mills, 411 California Street

The Mutual Life Ins. Co. of N. Y. issues Return Premium Policies, affording increasing insurance.

Mills College and Seminary

This institution has been recently incorporated as a College, and C. C. Stratton, D. D., elected President.

Seminary Course

This remains substantially the same, but with added facilities. Diplomas will be given completive of the Seminary Course as before.

College Curriculum

This is substantially the same as that of Wellesby College, Mass. Pupils may choose either the Classical or Belles Lettres Course, and the Degrees will be conferred accordingly.

Special Facilities for Music

These are excellent—only the best of teachers are employed. The instruction in both Vocal and Instrumental Music is based upon the best European methods. Twenty-four pianos give ample opportunity for practice.

Modern Languages

Most excellent facilities are furnished for the successful study of the Modern Languages. These are given free of charge in the College Course. As in all other studies, the aim is to have only the best Teachers, and secure the best results.

Location and Buildings

The location is remarkable for its healthfulness as well as for its beauty. The one hundred acres of yard give ample room for outdoor exercise. Removed from the noise, excitement and temptations of town life, the pupils have the quiet so necessary to comfort as well as the highest success in study. The buildings are finely adapted to their purpose. A home-like atmosphere pervades the whole.

Character of the Institution

The founders, Dr. and Mrs. C. T. Mills, sought to secure the highest morals as well as intellectual culture. It is eminently a Chirstian School, but not Sectarian.

Simple Dress

The aim is to have the school life a happy home life, free from ostentation—hence it is especially desired that the dress be simple and warm, suitable for outdoor exercise and good, earnest work.

Expenses

The year is divided into two terms of twenty weeks each. Board, furnished room, tuition in all of the branches of the regular course, per term, $165.

For circulars giving particulars address President C. C. Stratton, D. D., or Mrs. C. T. Mills, Mills Seminary P. O., Alameda Co. The railroad station is Seminary Park, on the C. P. R. R., Niles and San Leandro road, five miles from Oakland.

CALIFORNIA.—Mr. Snow, THE art critic of California, says HODSON makes the finest Photographs he has ever seen, either in this country or Europe.

UNITED STATES.—John P. Bonte, THE art connoisseur of the United States, says: "I have made several trips through Europe and America in search of fine art. I have never yet found any Photographs equal to HODSON'S. They are by FAR the FINEST work and best pictures I have ever found.

At the only Competing Exhibition of the Photographers of the Pacific Coast, held July 2d, 1875, it was unanimously decided that HODSON'S were the best.

VIEW OF THE ACTUAL BUSINESS DEPARTMENT OF THE STOCKTON BUSINESS COLLEGE

OVER

Stockton Business

COLLEGE

AND Normal Institute

This is one of the Oldest Business Colleges on the Coast

ITS GRADUATES OCCUPY positions of honor and trust throughout the mercantile community, and the thoroughness of their preparation has merited the commendation of business men everywhere.

The remarkable success and growth of this Business College is due to the following reasons:

I. *The Course is very thorough.* This school has never made any extravagant claims. It does not offer its diploma to any but those who have completed every part of its practical and complete course of Business Training. A graduate from this school has received the most thorough training given by any Commercial College in the country, and is competent to fill any position open to any young accountant.

II. *The Expenses are Reduced to a Minimum.* We have perfected a system of boarding which enables us to offer first-class board for $10 per month—no more, no less. This is its exact cost to us. Room rent, including lights, $3 per month and upwards.

III. *The Honest Dealing with our Patrons.* This school makes no profit on board, stationery, or books. Everything is furnished to students at cost. There are no extravagant charges.

IV. *No Grades.* Individual instruction given. The student can thereby advance as fast as his ability will permit, and he will not be kept back by others of less talent and application, nor will the backward student be obliged to pass over work which he does not understand, in order to keep up with a class.

Those whose early education has been neglected are instructed privately without extra charge, and any young man or woman who desires a business education should not fail to write to us.

NORMAL COURSE

WE make a specialty of training teachers. In a single month, this school year, thirty students from this school received teachers' certificates.

As in the Commercial Department, a special study has been made to reduce all expenses to actual cost, and to fit the student for his professional work in the shortest possible time.

TEACHERS' DEPARTMENT

The constant demand for well-trained teachers requires that we make a specialty of this department. The most prominent objections, urged by teachers, against the course pursued in most of the Schools and Academies, are: 1st *They are held back in their classes on account of those less advanced and less interested in their studies.* 2nd *They have not the privilege of selecting their own studies.* Our large attendance enables us to have a much greater variety of classes than can possibly be had where the number is small, hence students can select their own studies, and advance as they may desire.

We have such arrangements as will enable those teachers, who have but a short respite from their schools, to spend their time and means to the best possible advantage. Beginning, advanced, and review classes are formed in all the branches, not at the beginning only, but at different periods during the term. This accommodates teachers whose schools close before the opening of the regular term. Such may enter at any time, begin their studies just where they wish, continue in school as long as they can, and then drop out, teach a term, return and take up their studies where they left off. Many are familiar with certain branches, but desire to review them briefly. It is a well-known fact among teachers that WE DO FORGET, and become unfamiliar with those branches which we do not constantly teach. It is too true that GRADUATES, generally, are not so well prepared for examination for a teacher's certificate at the CLOSE OF THEIR COLLEGE COURSE, as they were when they began it, simply because they have so long neglected the common branches. They need a BRIEF REVIEW. No one is held back on account of students less advanced. This course, we have found, accommodates a large class of students and teachers.

SHORT-HAND AND TYPE-WRITING

Our classes in Short-hand receive the entire attention of an experienced instructor.

CLASSIC COURSE

THE POST HAS THE LARGEST CIRCULATION.

OAKLAND HOSPITAL and HOTEL

FOR INVALIDS

CENTRAL AVENUE, between Jackson and Madison Streets

OAKLAND, CAL.

This institution is under the direction of

E. H. WOOLSEY, M. D., Surgeon and Physician-in-Chief,

and a Board of able attending and Consulting Physicians, Surgeons, Obstetricians and Oculists.

Steam, Medicated and Electric Baths, and all the appointments of a first-class, general Hospital, and all the requirements, conveniences and comforts of a Private Home for Invalids are here provided.

The Matron is an experienced nurse, and the nurses and attendants are well trained and reliable.

The institution is healthfully, pleasantly and conveniently located, occupying an entire block, in a quiet neighborhood, surrounded by elegant private residences; and yet within four blocks of the Central Pacific and Narrow Gauge Railroads, and accessible to their stations by the Central Avenue street cars.

The sewerage facilities are perfect. The wards and private rooms are large, sunny, well ventilated and appropriately furnished.

The building (exteriorly) is shown in the above cut, together with its attractive grounds; interiorly the woodwork is of solid and carved walnut, the mantels of purest Italian marble and design, and the walls decorated with exquisite frescoes.

The Hospital Section, comprising Surgical, Medical and Convalescent Wards, is separated from the section for Invalids, each department being provided with special corridors, bath rooms, electrical appliances, etc.

TERMS (invariably in advance):

In Wards ..... $15 per week.
In Private Rooms ..... $20 to 40 " "

In confinement cases an additional fee of $25 will be charged.

Patients in private rooms desiring special nurses in constant attendance will be charged $2 50 per day extra.

Physicians in good standing will be allowed to maintain and treat private patients in this institution.

Private Asylum for the Care and Treatment of Mental and Nervous Diseases

The Proprietary Institution called THE PACIFIC ASYLUM, where the Insane of the State of Nevada have been kept for several years, was opened as a PRIVATE ASYLUM for the care and treatment of Mental and Nervous Diseases, on the 10th of August, 1882, the Nevada patients having been removed to the new State Asylum at Reno. The buildings are capacious and comfortable, having been constructed for the accommodation of over two hundred patients, and they are pleasantly situated in the suburbs of Stockton and are surrounded by attractive grounds of forty acres in extent, with cultivated gardens and pleasant walks. Its advantages over public institutions in facility of admission and procuring extra accommodations, if required, are obvious. For terms and other particulars apply to the proprietor and Superintendent, DR. ASA CLARK, PACIFIC ASYLUM, STOCKTON, CAL. ASA CLARK, M. D.
